<b>Course Objective</b>
The aim of the course is; to encourage students to participate in various activities during the semester, to raise awareness about entrepreneurship and to contribute to students' entrepreneurial abilities. In addition, within the scope of the course, it is aimed that students will be able to analyze entrepreneurial business idea development and implementation deficiencies in their subject areas. Another aim of the course is to contribute to the students' entrepreneurship project proposals and new business ideas at the end of the semester.

<b>Learning Outcomes</b>
<p>Students who become successful in this course will be able;</p> <ul style="list-style-type: none"> <li>• to carry out studies that will affect the society, within the scope of the concepts of social responsibility and volunteering,</li> <li>• to interact with various foundations and associations,</li> <li>• to carry out field studies within the scope of social impact,</li> <li>• to address a social problem and turn this problem into a business plan,</li> <li>• to work in teams and to be organized.</li> </ul>

### Course Outline

This course includes conferences, seminars and projects within the scope of social entrepreneurship, entrepreneurship and social responsibility concepts, visits will be made to various foundations and associations within the scope of social responsibility. As a result of these activities, it is expected that a problem will be handled and transferred into a business plan, and then delivered as a presentation and report.
